

Registered Dietitian Job Listing Bozeman, MT

Established in 2013, the Eating Disorder Center of Montana (EDCMT) offers outpatient, intensive outpatient (IOP) and partial hospitalization program (PHP/day treatment) levels of care. We are seeking a full-time, registered dietitian to join our team.

Our multidisciplinary team includes a psychiatrist, psychotherapists, registered dietitians, registered nurses, and yoga-trained milieu therapists—all of whom support EDCMT's mission to light the way out of eating disorders, freeing patients to live wholeheartedly. We treat all genders, ages 12 and older, in support of our vision of creating a future where every patient can live out loud, having overcome their eating disorder through wide-open access to compassionate, expert patient care.

At EDCMT, knowing that treating patients with eating issues is complex, our clinicians are supported in ongoing learning opportunities to reinforce their existing competencies. We value clinicians with a growth mindset, who are excited to continuously hone their existing skills in working with patients across the spectrum of types and acuity of eating disorders, in support of our primary goal to empower each patient on a path to full recovery from both the mental and physical attributes of their eating disorder.

Position Summary:

EDCMT is seeking a compassionate and experienced **Registered Dietitian** to provide direct care through individual medical nutrition counseling and meal encounters, ensuring best practices and high-quality, patient-centered care across all levels of treatment (OP, IOP, PHP). The Lead RD also provides direct care through assessments, individual nutrition counseling, and supervised meal support.

Key Responsibilities:

- Provide individual medical nutrition counseling and support and education for caregivers
- Conduct assessments and supervised meal support for patients
- Coordinate and lead nutrition-related groups for PHP/IOP level of care patients.
- Formulate and implement treatment plans
- Work collaboratively within a dynamic team to provide the best care possible to patients
